

ATTIRE: WYOMING/ROCKY MOUNTAIN “CASUAL”

When visiting the Ranch, most of our guests wear casual outdoor/active wear and or western clothing both day and night. During the day, dress for the activities you plan to participate in. The weather is varied and trends much cooler in the early morning and in the evening so plan accordingly with layers and appropriate outerwear. For evenings, skirts, jeans or pants are all appropriate. Saloon time, dinners and barn dances are usually the time to go a little more “dressy casual” – adding a belt, jewelry, cowboy hat, etc. if you wish. But it is certainly not expected.
