SUMMARY

Named the #1 Resort, Dude Ranch and Spa in the USA and #5 Hotel & Resort in the World by Condé Nast Traveler, Brush Creek Ranch promises discerning travelers breathtaking vistas, gourmet dining, endless adventure and the refinements of a modern boutique hotel, set in the grand landscape of a centuries-old Western ranch. Located near Saratoga, Wyoming, this historic cattle ranch turned iconic Preferred Legends destination, ORVIS dual-endorsed Fly Fishing and Wing Shooting Lodge and Beretta Trident Lodge spans 30,000 acres of Rocky Mountain high country between the towering peaks of the Sierra Madre and Snowy Mountain ranges. "Wide-open spaces" barely describes the setting in nature's cathedral—especially when added to the adjacent million-acre Medicine Bow National Forest.

The Brush Creek Ranch Collection is perfectly designed for high-end experiences, where guests select from a variety of lodging destinations, including The Lodge and Spa at Brush Creek Ranch—featuring 13 Trailhead Lodge rooms, 10 two- and three-bedroom Log Cabin Residences and 9 cabin suites. The ultra-private Magee Homestead offers a private lodge and secluded collection of nine historically restored cabins, tucked amidst the tranquil Wyoming high desert prairie. French Creek Sportsman's Club promises an unrivaled sportsman's paradise for up to 10 guests, where sporting traditions unfold across the historic Sanger Ranch. All facilities come furnished with premium bedding, luxury amenities and refined Western personality. Group meeting space includes the main Trailhead Lodge, Equestrian Center's boardroom, authentic barn dance hall, spacious Falcon Peak Overlook deck and outdoor natural amphitheater and rock gardens.
